

# SAFETY DATA SHEET

Version 7.1  
Revision Date 2026.07.08  
Print Date 2026.08.05  
Date of first issue 2019.06.04  
Product Number Aldrich - 909270

## 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : Acrylic anhydride,  $\geq 90\%$

Product Number : 909270

Brand : Aldrich  
Recommended use of the chemical and restrictions on use : **Identified uses**  
Laboratory chemicals

Company : 씨그마알드리치코리아(유)  
서울특별시 강남구 테헤란로 508,  
3층 (대치동, 해성2빌딩)

Sigma-Aldrich Korea  
3F Haesung-2-building Teheran-ro 508 Gangnam-gu,  
SEOUL 06178  
SOUTH KOREA

Telephone : +82 -2-2185-1700  
Fax :  
Emergency Phone # : 080 880 0468 (CHEMTREC) +82 2 2185  
3800 영업시간 - 09:00~18:00, 월요일 -  
금요일 (공휴일 제외)

## 2. HAZARDS IDENTIFICATION

### GHS Classification

Flammable liquids : Category 4

Acute toxicity (Oral) : Category 4

Skin corrosion/irritation : Category 2

Serious eye damage/eye irritation : Category 2A

Skin sensitisation : Category 1

Specific target organ toxicity - single exposure : Category 3 (respiratory tract irritation)

#### **GHS label elements**

Hazard pictograms :

Signal word : Warning

Hazard statements : H227 Combustible liquid.  
H302 Harmful if swallowed.  
H315 Causes skin irritation.  
H317 May cause an allergic skin reaction.  
H319 Causes serious eye irritation.  
H335 May cause respiratory irritation.

Precautionary statements : **Prevention:**  
P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.  
P261 Avoid breathing mist or vapours.  
P264 Wash skin thoroughly after handling.  
P270 Do not eat, drink or smoke when using this product.  
P271 Use only outdoors or in a well-ventilated area.  
P272 Contaminated work clothing should not be allowed out of the workplace.  
P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.

#### **Response:**

P301 + P312 + P330 IF SWALLOWED: Call a POISON CENTER/ doctor if you feel unwell. Rinse mouth.  
P302 + P352 IF ON SKIN: Wash with plenty of water.  
P304 + P340 + P312 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/ doctor if you feel unwell.  
P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P321 Specific Treatment (See SDS section 4).  
P333 + P313 If skin irritation or rash occurs: Get medical advice/ attention.  
P337 + P313 If eye irritation persists: Get medical ad-

vice/ attention.

P362 + P364 Take off contaminated clothing and wash it before reuse.

P370 + P378 In case of fire: Use dry sand, dry chemical or alcohol-resistant foam to extinguish.

**Storage:**

P403 + P233 Store in a well-ventilated place. Keep container tightly closed.

P405 Store locked up.

**Disposal:**

P501 Dispose of contents/ container according to waste-related laws

**Other hazards which do not result in classification**

No data available

---

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

Substance / Mixture : Mixture

CAS-No. : Not Assigned

**Components**

| Chemical name              | CAS-No.   | Concentration (% w/w) |
|----------------------------|-----------|-----------------------|
| Prop-2-enoyl prop-2-enoate | 2051-76-5 | >= 95 - <= 100        |

---

**4. FIRST AID MEASURES**

General advice : Show this safety data sheet to the doctor in attendance.

In case of eye contact : After eye contact: rinse out with plenty of water. Call in ophthalmologist. Remove contact lenses.

In case of skin contact : In case of skin contact: Take off immediately all contaminated clothing. Rinse skin with water/ shower. Consult a physician.

If inhaled : After inhalation: fresh air.

If swallowed : After swallowing: immediately make victim drink water (two glasses at most). Consult a physician.

Most important symptoms and effects, both : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in

|                            |                                          |
|----------------------------|------------------------------------------|
| acute and delayed          | section 11                               |
| Protection of first-aiders | : For personal protection see section 8. |
| Notes to physician         | : No data available                      |

---

## 5. FIREFIGHTING MEASURES

### Suitable and unsuitable extinguishing media

Suitable extinguishing media : Water  
Foam  
Carbon dioxide (CO<sub>2</sub>)  
Dry powder

Unsuitable extinguishing media : For this substance/mixture no limitations of extinguishing agents are given.

Specific hazards during fire fighting : Combustible.

Vapours are heavier than air and may spread along floors.

Forms explosive mixtures with air on intense heating.

Development of hazardous combustion gases or vapours possible in the event of fire.

Hazardous combustion products : Carbon oxides

Specific extinguishing methods : Remove container from danger zone and cool with water.  
Prevent fire extinguishing water from contaminating surface water or the ground water system.

Special protective equipment for fire-fighters : Stay in danger area only with self-contained breathing apparatus. Prevent skin contact by keeping a safe distance or by wearing suitable protective clothing.

---

## 6. ACCIDENTAL RELEASE MEASURES

|                                                                     |                                                                                                                                                                                                                                                                                                                                                    |
|---------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Advice for non-emergency personnel:<br>Do not breathe vapours, aerosols.<br>Avoid substance contact.<br>Ensure adequate ventilation.<br>Keep away from heat and sources of ignition.<br>Evacuate the danger area, observe emergency procedures, consult an expert.<br>Advice for emergency responders:<br>For personal protection see section 8. |
| Environmental precautions                                           | : Do not let product enter drains.                                                                                                                                                                                                                                                                                                                 |
| Methods and materials for containment and cleaning up               | : Cover drains. Collect, bind, and pump off spills.<br>Observe possible material restrictions (see sections 7 and 10).<br>Take up with liquid-absorbent material (e.g. Chemizorb®). Dispose of properly. Clean up affected area.                                                                                                                   |

---

## 7. HANDLING AND STORAGE

For precautions see section 2.2.

|                                                 |                                                                                                                              |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Advice on protection against fire and explosion | : Keep away from open flames, hot surfaces and sources of ignition.<br>Take precautionary measures against static discharge. |
| Further information on storage conditions       | : Tightly closed.                                                                                                            |
| Storage class                                   | : 10, Combustible liquids                                                                                                    |
| Recommended storage temperature                 | : 2 - 8 °C                                                                                                                   |

---

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

**Engineering measures** : No data available

### Personal protective equipment

**Among the following personal protective equipment, the PPEs which require safety certification need to be certified by KOSHA.**

Respiratory protection : required when vapours/aerosols are generated.

Our recommendations on filtering respiratory protec-

tion are based on the following standards: DIN EN 143, DIN 14387 and other accompanying standards relating to the used respiratory protection system.

Recommended Filter type: : Filter type ABEK

The entrepreneur has to ensure that maintenance, cleaning and testing of respiratory protective devices are carried out according to the instructions of the producer. These measures have to be properly documented.

Eye protection : Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).  
Safety glasses

Hand protection

Remarks : required

Skin and body protection : protective clothing

Hygiene measures : Immediately change contaminated clothing. Apply preventive skin protection. Wash hands and face after working with substance.

---

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance : liquid

Colour : colourless

to

yellow

Odour : No data available

Odour Threshold : No data available  
pH : No data available

Melting point : No data available

Boiling point/boiling range : No data available

|                                                     |                                |
|-----------------------------------------------------|--------------------------------|
| Flash point                                         | : 72 °C                        |
| Evaporation rate                                    | : No data available            |
| Flammability (solid, gas)                           | : No data available            |
| Flammability (liquids)                              | : No data available            |
| Burning rate                                        | : No data available            |
| Upper explosion limit /<br>Upper flammability limit | : No data available            |
| Lower explosion limit /<br>Lower flammability limit | : No data available            |
| Vapour pressure                                     | : No data available            |
| Water solubility                                    | : No data available            |
| Relative vapour density                             | : No data available            |
| Relative density                                    | : No data available            |
| Density                                             | : 1.074 g/cm <sup>3</sup>      |
| Partition coefficient: n-<br>octanol/water          | : No data available            |
| Autoignition temperature                            | : No data available            |
| Decomposition tempera-<br>ture                      | : No data available            |
| Viscosity, dynamic                                  | : No data available            |
| Viscosity, kinematic                                | : No data available            |
| Flow time                                           | : No data available            |
| Explosive properties                                | : Not classified as explosive. |
| Oxidizing properties                                | : none                         |
| Particle characteristics<br>Particle size           | : No data available            |

## 10. STABILITY AND REACTIVITY

Chemical stability and : Reactivity:

|                                    |                                                                                                                                                                                                                                                                            |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| possibility of hazardous reactions | Forms explosive mixtures with air on intense heating.<br>Reactivity:<br>A range from approx. 15 Kelvin below the flash point is to be rated as critical.<br>Chemical stability:<br>The product is chemically stable under standard ambient conditions (room temperature) . |
| Conditions to avoid                | : Strong heating.                                                                                                                                                                                                                                                          |
| Incompatible materials             | : Strong oxidizing agents                                                                                                                                                                                                                                                  |
| Hazardous decomposition products   | : In the event of fire: see section 5                                                                                                                                                                                                                                      |

---

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

No data available

### Delayed and immediate effects and also chronic effects from short and long term exposure

#### Acute toxicity

Oral: No data available

Inhalation: No data available

Dermal: No data available

#### Skin corrosion/irritation

Remarks: Mixture causes skin irritation.

#### Serious eye damage/eye irritation

Remarks: Mixture causes serious eye irritation.

#### Respiratory or skin sensitization

Mixture may cause an allergic skin reaction.

#### Carcinogenicity

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

#### Germ cell mutagenicity

No data available

#### Reproductive toxicity

No data available

#### Specific target organ toxicity - single exposure

No data available

#### Specific target organ toxicity - repeated exposure

No data available

#### Aspiration hazard

No data available

### Signs and Symptoms of Exposure

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

**Numerical measures of toxicity**

No data available

**Additional Information**

No data available

---

## 12. ECOLOGICAL INFORMATION

**Ecotoxicity**

No data available

**Persistence and degradability**

No data available

**Bioaccumulative potential**

No data available

**Mobility in soil**

No data available

**Other adverse effects**

No data available

**Endocrine disrupting properties**

No data available

---

## 13. DISPOSAL CONSIDERATIONS

**Disposal methods**

Waste from residues : Waste material must be disposed of in accordance with the national and local regulations. Leave chemicals in original containers. No mixing with other waste. Handle uncleaned containers like the product itself.

**Disposal precautions**

Dispose of contents and container according to wastes control act.

---

## 14. TRANSPORT INFORMATION

**International Regulations**

**IATA-DGR**

Not regulated as a dangerous good

UN/ID No. : Not applicable

Proper shipping name : Not applicable

Class : Not applicable

Subsidiary risk : Not applicable

Packing group : Not applicable

Labels : Not applicable  
Packing instruction (cargo : Not applicable  
aircraft)  
Packing instruction (pas- : Not applicable  
senger aircraft)

**IMDG-Code**

Not regulated as a dangerous good  
UN number : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable  
Packing group : Not applicable  
Labels : Not applicable  
EmS Code : Not applicable  
Marine pollutant : no

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Not applicable for product as supplied.

**National Regulations**

Refer to section 15 for specific national regulation.

**Special precautions for user**

Not applicable

---

**15. REGULATORY INFORMATION**

**National regulatory information**

**Regulation under the Occupational Safety and Health Act**

**Harmful Substances Prohibited from Manufacturing**

Not applicable

**Harmful Substances Required Permission for Manufacture**

Not applicable

**Harmful Agents to be kept below Occupational Exposure Limits**

Not applicable

**Harmful Agents Required to be kept below Permission Levels**

Not applicable

**Hazardous substances requiring management**

Not applicable

**Special Management Materials**

Not applicable

**Controlled Substances Subject to Environment Monitoring**

Not applicable

**Controlled Substances Subject to Health Examination**

Not applicable

**Hazardous Substances Subject to Process Safety Management (PSM) Reporting Obligation**

Not applicable

**K-OSHA Hazardous Substances (Occupational Safety and Health Regulations, Table 1)**

Not applicable

**K-OSHA Hazardous Substances (Occupational Safety and Health Regulations, Table 9)**

Not applicable

**Regulation under the Chemicals Control Act**

**Chemicals of Acute and Chronic Hazard to Human Health and the Environment**

**Substances Acutely hazardous to humans**

Not applicable

**Substances Chronically hazardous to humans**

Not applicable

**Substances Hazardous to the environment**

Not applicable

**Accident Precaution Chemicals**

Not applicable

**Toxic Release Inventory**

Not applicable

**Act on Registration and Evaluation of Chemical Substances (K-REACH)**

**Restricted Chemicals**

Not applicable

**Prohibited Chemicals**

Not applicable

**Substances with Unconfirmed Hazards**

Not applicable

**Dangerous Substances Safety Management Act**

Classification : Group 4, Flammable liquids, Type 3 petroleums, Water insoluble liquid

Hazard rank : Hazardous rank III

Designated Quantity : 2000 litre

Safety Warning : Keep away from fire

**Wastes Control Act**

Industrial general wastes

Follow article 13 of the act to dispose the product waste

## Other requirements in domestic and other countries

---

### 16. OTHER INFORMATION

#### Further information

Issuing date : 2019.06.04

#### Revision number and date

Number of Revision : 7.1

Revision Date : 2026.07.08

Other information : The information is believed to be correct but is not exhaustive and will be used solely as a guideline, which is based on current knowledge of the chemical substance or mixture and is applicable to appropriate safety precautions for the product.
